RE: Northwood Estates S/D Extension
Sanitary Sewer Service Area Extension Request
25 Lots, 10,000 gallons per day

Dear Ms. Boyd:

Midlands Utility, Inc. has been requested to provide sanitary sewer service for the above referenced property. The property is adjacent to parcels currently served by Midlands. Sanitary sewer from this project will be connected to an existing gravity main and transported through Midlands' existing collection system and transported to Orangeburg Department of Public Utilities for treatment and disposal.

Midlands Utility, Inc. is requesting that this project be included in its current service area on file with the commission. Midlands is requesting that the public hearing and notice requirements be waived since there are no other sewer providers in the area and there are no present customers.

Customers that will build or buy in this development will be charged with the approved rates and charges by the commission.

If you have any questions or if any additional information is required, feel free to contact me.

Sincerely,

MIDLANDS UTILITY, INC.

Keith G. Parnell, PE
